	\$2589 41

FRED W. BLODGETT, School Treasurer.

REMARKS

Our schools have been of unusual length the past year, there having been an average of 32 weeks in all the schools.

We think that the past year we have been favored with a very able and competent staff of teachers. And that through their untiring efforts, and the co-operation of the parents, the children have shown a marked improvement in all their studies.

The per cent of attendance is well up to the average, considering the ill effects to the children caused by vaccination.

It was considered advisable to combine the two rooms in the village school, thereby helping to increase the length of the school year.

During the past year we have installed in each school a map of the very latest production, as the old maps were very much out of date and in some instances incorrect.

Respectfully,

ANDREW C. MUMLER—Chairman.
CHARLES H. BROWN—Member.
